**Franchises**

Investigation Fee .....200.00  
Franchise Fee, per year .....as set forth below

1. Each franchisee shall pay to Coos County a franchise fee equal to 5% of the gross receipts from residential, commercial and industrial collection service provided to the service area included in the franchise and for which a collection rate has been approved under Article Seven of the Coos County Code, including all services under subcontract for the service area.

2. The franchise fee shall be due and payable for collection services provided on or after April 1, 2013.

3. The franchise fee for the prior calendar year shall be remitted to the county in full on or before January 15 of each year. Payments received after that date shall incur a penalty

of 10% of the amount due, plus interest at 6% until paid. The county may file an action in circuit court to collect any unpaid amount.

4. In addition to the franchise fee, the franchisee shall submit a certified statement of the franchisee's gross revenue generated from solid waste disposal service within the franchisee's service area for the prior calendar year. The statement shall include the number of residential, commercial, industrial and institutional customers. The franchise fee shall not be deemed paid until this statement is submitted.

5. The franchisee shall maintain complete and accurate records of the franchisee's operations that are subject to the franchise in accordance with generally acceptable accounting practices. The county shall be entitled to audit such records once annually and shall be provided full access to such records in the event of a dispute over the amount of the franchise fee due. To the extent permitted by law, the county shall maintain as confidential any such records designated by the franchisee as confidential except as necessary in an action to collect the franchise fee.

6. The county shall provide written notice to the franchisee if it disputes the amount due. The franchisee and county shall make reasonable good faith effort to resolve the dispute. If the dispute is not resolved within 30 days of the date of the notice, the county may issue written notice of the amount it believes due. The franchisee shall pay that amount within 15 days, after which either party may pursue any remedies available by law.

7. Renewal of the franchise is expressly conditioned on payment in full of the franchise fee, including any penalties and interest. Payment shall be due notwithstanding failure to renew, suspension or termination of the franchise.

Beaver Hill

Municipal solid waste and/or construction demolition  
debris originating from areas outside  
of County .....up to 95.85 per ton\*

\*In order to establish the price for individual waste streams for which the Board has established a fee of an "up to" amount, the criteria the Board will

consider shall include but not necessarily be limited to:

- Available capacity of the County's existing waste disposal system. Consideration will be given based upon the current availability or capacity of the system to accept additional volumes of waste. As system capacity is approached, additional waste streams will be considered less favorably. Conversely, when the system is operating substantially under capacity, new waste streams will be considered more favorably.
- Certainty of the waste stream. Consideration will be given based upon the certainty of the annual waste stream volume or weight and the certainty of delivery schedules. Waste streams which provide reasonable certainty and thus enable the County to rely upon and plan for the effects of accepting the waste stream will be viewed more favorably than those which provide no such certainty.
- The cost of providing the service and such other factors as the Board may deem relevant.
