

The application, staff report and any conditions may be found at the following link:

<https://www.co.coos.or.us/community-dev/page/land-use-applications-submitted>

The application and all documents and evidence contained in the record, including the staff report and the applicable criteria, are available for inspection, at no cost, in the Planning Department located at 60 E. Second St., Coquille, Oregon; however, an appointment is required to be setup for viewing purposes. Copies may be purchased at a cost of 50 cents per page. The decision is based on the application submittal and information on record. The name of the Coos County Planning Department representative to contact is Crystal Orr, Associate Planner and the telephone number where more information can be obtained is **(541) 396-7770**.

Failure of an issue to be raised in a hearing, in person or in writing, or failure to provide statements of evidence sufficient to afford the Approval Authority an opportunity to respond to the issue precludes raising the issue in an appeal to the Land Use Board of Appeals.

EXHIBIT "A"
CONDITIONS OF APPROVAL

The applicant (applicant includes property owner and any successor) shall comply with the following conditions of approval with the understanding that all costs associated with complying with the conditions are the responsibility of the applicants and that the applicants are not acting as an agent of the county. If the applicant fails to comply or maintain compliance with the conditions of approval the permit may be revoked as allowed by the Coos County Zoning and Land Development Ordinance. Please read the following conditions of approval and if you have any questions contact planning staff. This is a tentative decision and will become final if the conditions of approval are completed correctly and any required survey maps and/or deeds are completed.

Map and Monuments Required:

- a. For any resulting lot or parcel ten acres or less, a survey map that complies with ORS 209.250 shall be prepared; and
 - b. The survey map shall show all structures within ten (10) feet of the adjusted line; and
 - c. The survey shall establish monuments to mark the adjusted line; and
 - d. If a survey is required, the deed shall be recorded, and the Survey Map shall be filed simultaneously. The survey map, with the signature of the Coos County Planning Director shall be submitted to the County Surveyor along with the required filing fee. The survey map will be given a filing number which will be added to the Property Line Adjustment deed. The deed will then be recorded whereupon the recording number for said deed will be added to the face of the survey map. Said map will then be filed with the County Surveyor, completing the process.
1. Within one year from the date of tentative approval, the applicant shall prepare and submit to the Director any map required by Section 6.2.800(4) and Section 6.2.800(5) if a survey is required.
 2. Property Line adjustments shall be deeded & mapped separately in sequence.
 3. **Final approval** - The applicant shall submit proof that the requirements of the tentative approval have been met. Upon submittal by the applicant that all conditions of approval have been met along with the deed and map, if required, have been provided along with the recording fee to the Planning Director a final determination will be made. the Director shall advise the applicant in writing if the documents submitted are sufficient or if amendments are required.
 - a. **The following items shall be submitted to the Coos County Planning Department prior to one year of the tentative decision:**
 - i. A supplemental document explaining how all conditions of approval have been completed and the applicant is ready for a final determination; and
 - ii. The applicant or applicant's surveyor shall prepare and submit to the Planning Director any map required by Section 6.2.800(4) and Section 6.2.800(5) if a survey is required as explained under the Surveyor's comments; and
 - iii. A deed following the exact format found in Figure 1 of Section 6.3.175.
 3. Once the required documents are received by the County Planning Department, they will be forwarded to the County Surveyor and Cartographer for final comments. If revisions are required, the applicant and/or representative will be notified as soon as the revisions are identified. If there are no revisions required Staff will sign the map and route the map and deed on the Surveyor's Office for completion and recording along with the recording fee. If there is no Survey Map required Planning Staff will submit the deed to the County Clerk's Office with the fee to be recorded. Once the appeal period has expired and no appeal have been filed, the applicant shall record the deed descriptions for the units of land and record them prior to any reconfiguration such as a property line adjustment. A copy of that deed needs to be provided to the Planning Department showing the process has been completed.
 4. **The Parcel currently owned by Kay Knowlton ETAL is considered to be in violation and no permits (other than this adjustment) will be issued until the property is brought into compliance.**

STAFF REPORT

FINDINGS OF FACT AND CONCLUSIONS

I. PROPOSAL AND BACKGROUND/PROPERTY HISTORY INFORMATION:

- A. **Proposal:** The proposal is a request for Planning Director approval of a Property Line Adjustment.
- B. **B. COMPLIANCE PURSUANT TO SECTION 1.1.300:** It shall be unlawful for any person, firm, or corporation to cause, develop, permit, erect, construct, alter or use any building, structure or parcel of land contrary to the provisions of the district in which it is located. No permit for construction or alteration of any structure shall be issued unless the plans, specifications, and intended use of any structure or land conform in all respects with the provisions of this Ordinance.

FINDING: Staff has reviewed the property history and available county records to determine at the time of this report tax lot 1600 cannot be determined to be in compliance as there are structures that appear to be sited without permits. Tax lot 1700 appears to be in compliance. This does not mean that there is not additional information that was unavailable during this review that would make the properties non-complaint.

II. BASIC FINDINGS:

- A. **LOCATION:** The subject properties are located south of the City of Bandon.
- B. **ZONING:** The subject properties are zoned Forest (F).

ARTICLE 4.2 – ZONING PURPOSE AND INTENT

Forest Mixed Use (FMU)

The purpose of the Forest Mixed Farm-Forest Areas (“MU” areas) is to include land which is currently or potentially in farm-forest use. Typically, such lands are those with soil, aspect, topographic features and present ground cover that are best suited to a combination of forest and grazing uses. The areas generally occupy land on the periphery of large corporate and agency holdings and tend to form a buffer between more remote uplands and populated valleys. In addition, these “mixed use” areas contain ownership of smaller size than in prime forest areas. Some are generally marginal in terms of forest productivity, such as areas close to the ocean.

If land is in a zone that allows both farm and forest uses, a dwelling may be sited based on the predominate use of the tract on January 1, 1993.

If a use is only allowed in the mixed use zone it will be explained in the text. Otherwise the uses listed are allowed in both the Forest and Forest Mixed Use zones.

C. SPECIAL DEVELOPMENT CONSIDERATIONS AND OVERLAYS:

SECTION 4.11.125 Special Development Considerations: The considerations are map overlays that show areas of concern such as hazards or protected sites. Each development consideration may further restrict a use. Development considerations play a very important role in determining where development should be allowed In the Balance of County zoning. The adopted plan maps and overlay maps have to be examined in order to determine how the inventory applies to the specific site

SECTION 4.11.200 Purpose: Overlay zones may be super-imposed over the primary zoning district and will either add further requirements or replace certain requirements of the

underlying zoning district. The requirements of an overlay zone are fully described in the text of the overlay zone designations. An overlay zone is applicable to all Balance of County Zoning Districts and any zoning districts located within the Coos Bay Estuary Management Plans when the Estuary Policies directly reference this section.

The proposal does not include any type of earth moving or structural development; therefore, even if the property was in a Special Development Consideration and/or Overlay Zone it would not be required to be addressed.

D. SITE DESCRIPTION AND SURROUNDING USES:

The subject parcels are zoned Forest (F). Tax lot 1600 appears to be used for farm uses and tax lot 1700 is being used for residential. The surrounding parcels are zone Forest (F) and Rural Residential-2 (RR-2) and appear to also be using their properties for a mixture of farm uses, residential, and timber production.

E. COMMENTS:

- a. **PUBLIC AGENCY:** As part of the Property Line Adjustment process the only comments requested were from the County Surveyor and Assessor's Office. Comments were not received at the time of this report.
- b. **PUBLIC COMMENTS:** This application request did not require any request for comments prior to the release of the decision pursuant to notice of decision requirements found in Chapter V of the CCZLDO.

F. SECTION 6.1.125 LAWFULLY CREATED LOTS OR PARCELS:

"Lawfully established unit of land" means:

1. The unit of land was created:

- a. *Through an approved or pre-ordinance plat;*
- b. *Through a prior land use decision including a final decision from a higher court. A higher court includes the Land Use Board of Appeals;*
- c. *In compliance with all applicable planning, zoning and subdivision or partition ordinances and regulations at the time it was created.*
- d. *By a public dedicated road that was held in fee simple creating an interviewing ownership prior to January 1, 1986;*
- e. *By deed or land sales contract, if there were no applicable planning, zoning or subdivision or partition ordinances or regulations that prohibited the creation.*
- f. *By the claim of intervening state or federal ownership of navigable streams, meandered lakes or tidewaters. "Navigable-for-title" or "title-navigable" means that ownership of the waterway, including its bed, was passed from the federal government to the state at statehood. If a waterway is navigable-for-title, then it also is generally open to public use for navigation, commerce, recreation, and fisheries.*

FINDING: Both parcels are lawfully created pursuant to Section 6.1.125.e, by deed prior to applicable partition ordinances that would have prohibited the creation (Tax lot 1600 deed document 78-01777 and tax lot 1700 deed document 81-41847). Therefore, the properties are lawfully created.

III. STAFF FINDINGS AND CONCLUSIONS:

A. SUMMARY OF PROPOSAL AND APPLICABLE REVIEW CRITERIA:

The proposal is for Planning Director Approval of a Property Line Adjustment between two (2) lawfully created units of land. The proposal is subject to Coos County Zoning and Land Development (CCZLDO) Article 6.3 Property Line Adjustments.

B. Key definitions:

- *ACTIVITY: Any action taken either in conjunction with a use or to make a use possible. Activities do not in and of themselves result in a specific use. Several activities such as dredging, piling and fill may be undertaken for a single use such as a port facility. Most activities may take place in conjunction with a variety of uses.*
- *DEVELOP: To bring about growth or availability; to construct or alter a structure, to conduct a mining operation, to make a physical change in the use or appearance of land, to divide land into parcels, or to create or terminate rights to access.*
- *DEVELOPMENT: The act, process or result of developing.*
- *USE: The end to which a land or water area is ultimately employed. A use often involves the placement of structures or facilities for industry, commerce, habitation, or recreation.*
- *ZONING DISTRICT: A zoning designation in this Ordinance text and delineated on the zoning maps, in which requirements for the use of land or buildings and development standards are prescribed.*
- *Dwelling: Any building that contains one or more dwelling units used, intended, or designed to be built, used, rented, leased, let or hired out to be occupied, or that are occupied for living purposes.*

• **Applicable Criteria for A Single Property Boundary Adjustment:**

ARTICLE 6.3 PROPERTY LINE ADJUSTMENTS

SECTION 6.3.100 PROPERTY LINE ADJUSTMENTS:

As set forth in ORS 92.190(3), the common boundary line between lots or parcels may be adjusted in accordance with this section without the replatting procedures in ORS 92.180 and 92.185 or the vacation procedures in ORS Ch. 368. Once a lot or parcel line has been adjusted, the adjusted line shall be the boundary or property line, not the original line. The Director has authority to approve a single property line adjustment as a ministerial action and a multi (more than one-line adjustment) as an Administrative Action.

SECTION 6.3.125 PROCEDURE:

1. General.

- a. No person may relocate all or a portion of a property line without review and approval of a property line adjustment application.*
- b. Tax lot boundaries do not necessarily represent property boundaries. Tax lot boundaries are established by the County Assessment for purposes of assessment and taxation. Tax lots may or may not coincide with legal property boundaries. Only boundaries of lawfully established units of land can be adjusted through the provisions of this chapter.*
- c. A line adjustment is permitted only where an additional unit of land is not created; and*
- d. A property line adjustment involving a parcel authorized by a Measure 49 waiver cannot increase parcels larger than:
 - i. Two acres if on high value farmland, high value forestland, or within a ground water restricted area; or*
 - ii. Five acres if not on high value farm or forest land; unless*
 - iii. The property increasing in size is the remainder parcel and is already larger than the two- or five-acre maximum parcel size.**

FINDING: The applicant submitted the property line adjustment application for review. An additional unit of land is not being created, and there is not a valid Measure 49 Claim on file for the subject properties. Therefore, the request complies with these criteria.

- 2. Submittal Requirements: An application for a line adjustment or elimination shall be filed by the owners of all units of land affected. The application shall be accompanied by an appropriate fee and contain the following information:
 - a. A property line adjustment must include a tentative map drawn on 8 ½" x 11" or 11" x 17" size paper. The map shall contain the following information:**

- i. *North arrow and Scale – The property boundaries and any other required detail shall be provided to scale.*
- ii. *Existing and proposed property line dimensions and size in square feet or acres of the lawfully established units of land that are subject of the application. The existing and proposed property configurations will be shown on separate sheets of paper as before and after maps and shall contain acreage before an after adjustments.*
- iii. *Identification, size, and dimensions of the area(s) proposed to be adjusted from one property to the other.*
- iv. *Roads abutting and located within the subject properties, including names and road right-of-way or easement widths, and labeled as either public or private.*
- v. *Location of on-site wastewater treatment systems or name of sanitary sewer district. This includes drain field and repair areas. All on-site wastewater improvements are to remain on the same unit of land as the structure it is serving.*
- vi. *Easements, shown with dimensions, type, labeled as existing or proposed, and specifically noting to whom they benefit*
- vii. *Existing structures and the distance from each structure to the existing and proposed property lines. Setbacks for all structures within 50 feet of the proposed property line (130 feet if property is zoned Forest or Forest Mixed Use) must be verified on a site plan prepared and stamped by an Oregon registered professional land surveyor. If no structures exist within the specified area, the surveyor can submit a stamped letter so stating.*
- b. *A preliminary title report or title search for each property, to determine ownership and any recorded deed restrictions.*
- c. *Evidence to show that the units of land are lawfully created pursuant to Section 6.1 Lawfully Created. If the conformance of the unit of land is unknown, then a Lawfully Created Determination application will be required either prior or in conjunction with a property line adjustment application. If a Lawfully Created Unit of Land Determination is required, then this will be treated as an Administrative Action.*
- d. *Upon completion of the Property Line Adjustment Review the mapping and filing requirements of Section 6.3.175 shall be followed.*

FINDING: The submitted application contained the submittal requirements. A title report was received. Staff was provided evidence to show that the units of land are lawfully created. The mapping and filing requirements of Section 6.3.175 shall be followed. Therefore, with the conditions of approval the criteria has been addressed.

- 3. *General Criteria - A Property Line Adjustment requires application pursuant to Ministerial Application (Type I) procedures according to Article 5.0, unless otherwise specified by this section. An application for multiple property line adjustments can be made under one application, so long as the deeds are recorded in the correct sequence. All property line adjustments are subject to the following standards and criteria, unless previously stated in this section:*
 - a. *The property line adjustment cannot:*
 - i. *Create an additional unit of land; or*
 - ii. *Violate any applicable specific conditions of previous land use approvals or recorded deed restrictions. An example would be if parcels were required to meet a minimum acreage or have an accessory structure and adjustment would remove the primary use or structure.*
 - b. *All properties affected by the proposed adjustment are legal units of land unless this adjustment is to correct an improperly formed unit of land or to correct an encroachment issue.*
 - c. *A property line adjustment is subject to the minimum lot or parcel size standards of the applicable zoning district, except in the following circumstances:*

- i. *One or both abutting properties are smaller than the minimum lot or parcel size for the applicable zone before the property line adjustment and, after the adjustment, one is as large or larger than the minimum lot or parcel size for the applicable zone; or*
 - ii. *Both abutting properties are smaller than the minimum lot or parcel size for the applicable zone before and after the property line adjustment.*
- d. *Split-zoned properties: The adjustment will not create a split-zoned unit of land that does not comply with the standards for creation of a parcel in each zone unless the property owner provides for the recording of a restrictive covenant in the deed records for the subject property that prohibit the property from being partitioned along the zoning boundary until such time as each parcel would comply with the minimum standards for the creation of a unit of land (meeting the criteria for land division) in each zone. If a split-zone unit of land is created, it shall not be used to justify a rezone in the future.*
- e. *All required setback for the applicable zoning districts has been mapped as required and comply. An encroachment of existing or planned structures will not be created within required setbacks as a result of the line adjustment*

FINDING: The proposed adjustment will not result in the creation of an additional unit of land, and there are no existing deed restrictions or prior land use approvals that would impede the adjustment.

Both properties are situated within the Forest (F) zoning district, which necessitate a minimum lot size of 80 acres when creating parcels. A parcel meeting this minimum lot size is considered conforming, while one failing to meet it is considered non-conforming. In this case, both parcels are nonconforming and will remain so after the adjustment. Tax lot 1600, initially comprising 37.30 acres, will retain approximately 36.80 acres, while tax lot 1700, initially encompassing 2.13 acres, will retain approximately 2.63 acres.

It's important to highlight that this adjustment will not lead to split-zoned properties, as both parcels share the same zoning classification. Furthermore, all setbacks will be in compliance. Therefore, all relevant criteria have been duly addressed.

- 4. *Resource Zoned Properties: In addition to the General Criteria in subsection 3 the following additional criteria is required to be addressed.*
 - a. *All property line adjustments that are less than 200 acres (before and after the property line adjustment) are subject to an Administrative Action (Type II Review). If there is no structural development on either unit of land and the purpose of the application is not to qualify for a dwelling, then it can be reviewed as a Ministerial Action (Type I).*
 - b. *A property line adjustment cannot be used to:*
 - i. *Separate a temporary hardship dwelling, relative farm help dwelling, home occupation, or processing facility from the primary residential or other primary use without land use approval to change the accessory use to a primary use; or*
 - ii. *As prohibited by ORS 92.192(4)(a) through (c), in a manner that would:*
 - 1. *Decrease the size of a lawfully established unit of land that, before the relocation or elimination of the common property line, is smaller than the minimum lot or parcel size for the applicable zone and contains an existing dwelling or is approved for the construction of a dwelling, if another lawfully established unit of land affected by the property line adjustment would be increased to a size as large as or larger than the minimum lot or parcel size required to qualify the other affected lawfully established unit of land for a dwelling;*
 - 2. *Decrease the size of a lawfully established unit of land that contains an existing dwelling or is approved for construction of a dwelling to a size smaller than the minimum lot or parcel size, if another lawfully established unit of land affected by the property line adjustment would be increased to a size as large as or larger than the*

minimum lot or parcel size required to qualify the other affected lawfully established unit of land for a dwelling.

3. *Allow an area of land used to qualify a lawfully established unit of land for a dwelling based on an acreage standard to be used to qualify another lawfully established unit of land for a dwelling if the land use approval would be based on an acreage standard.*
Or
4. *Allow for change in configuration to qualify for a Forest Template Dwelling. The adjustment may require a template test prior and after any adjustments made after January 1, 2019 at the time a Forest Template Dwelling Application is received.*

FINDING: Administrative Review is required for these adjustments as the parcels fall within the resource zone. The proposed adjustment aligns with the stipulations outlined in this section, emphasizing that its purpose is not to qualify the parcels for a dwelling. As such, the request complies with the specified criteria.

5. *Property Line Adjustments that require an Administrative Action are subject to a twelve (12) day appeal period. If appealed, this will be treated as a Planning Director's decision and the procedures in Article 5.8 will be followed. A notice of the decision will be mailed to the applicant and to all neighborhood or community organizations recognized by the County and whose boundaries include the site. Notice of the decision will also be mailed to the owners of record of property on the most recent property tax assessment roll where such property is located:*
 - a. *Within 100 feet of the exterior boundaries of the contiguous property ownership which is the subject of the notice if the subject property is wholly or in part within an urban growth boundary;*
 - b. *Within 250 feet of the exterior boundaries of the contiguous property ownership which is the subject of the notice if the subject property is outside an urban growth boundary and not within a farm or forest zone;*
 - c. *Within 750 feet of the exterior boundaries of the contiguous property ownership which is the subject of the notice if the subject property is within a farm or forest zone.*

FINDING: These adjustments have been mailed out to owners of record of properties within 750 feet of the exterior boundaries of the contiguous property ownership. The adjustment is subject to the twelve (12) day appeal period as described in this section. Therefore, the criteria has been addressed.

SECTION 6.3.150 EASEMENTS AND ACCESS:

A line adjustment shall have no effect on existing easements or access. Access shall not be eliminated through a property line adjustment process. If an access is potentially affected, then an easement may be created for access to comply with this criterion.

FINDING: Easements listed on the deeds seem to be associated with ingress and egress or rights-of-way for the purpose of ingress and egress. Importantly, these easements have no impact on the property line adjustment, satisfying this criterion.

SECTION 6.3.175 MAPPING AND FILING REQUIREMENTS:

1. *Map and Monuments Required:*
 - a. *For any resulting lot or parcel ten acres or less, a survey map that complies with ORS 209.250 shall be prepared;*
 - b. *The survey map shall show all structures within ten (10) feet of the adjusted line;*
 - c. *The survey shall establish monuments to mark the adjusted line.*
 - d. *The Coos County Surveyor reserves the right to require monumentation and mapping on parcels greater than ten acres in size.*
- B. *Approval and Filing Requirements:*
 - a. *Upon determination that the requirements of this section have been met, the Director shall advise the applicant in writing that the line adjustment is tentatively approved;*

- b. *Within one year from the date of tentative approval, the applicant shall prepare and submit to the Director any map required by Section 6.2.800(4) and Section 6.2.800(5) if a survey is required. If no map is required, the applicant shall submit proof that the requirements of the tentative approval have been met. The Director shall indicate final approval by endorsement upon the map, if any, or if no map is required the Director shall advise the applicant in writing that final approval has been granted;*
- c. *Once endorsed by the Director, the map shall then be submitted to the County Surveyor. When the map is filed, the County Surveyor shall indicate the filing information on the map;*
- d. *A line adjustment shall be effective when the map is filed by the County Surveyor and an instrument (e.g., deed or covenant) is recorded with the County Clerk. If no map is required, then the line adjustment shall be effective when final approval is granted by the Director and an instrument is recorded with the County Clerk;*
- e. *If a survey is required, the Deed shall be recorded, and the Survey Map shall be filed simultaneously. The survey map, with the signature of the Coos County Planning Director shall be submitted to the County Surveyor along with the required filing fee. The survey map will be given a filing number which will be added to the Property Line Adjustment deed. The deed will then be recorded whereupon the recording number for said deed will be added to the face of the survey map. Said map will then be filed with the County Surveyor, completing the process.*
- f. *The property line adjustment deed must be submitted on the exact format found in Figure 1 below.*

PROPERTY LINE ADJUSTMENT DEED

_____ GRANTOR(s) conveys and warrants to

_____ GRANTEE(s) the following described real property,
situated in the County of Coos, State of Oregon:

SEE LEGAL DESCRIPTION ON ATTACHED EXHIBIT "A"

Subject to and excepting:

- 1. The rights of the public in and to that portion of the premises herein described lying within the limits of roads, streets and highways.

Coos County real property Tax Account No. _____.

The consideration for this conveyance stated in terms of dollars is _____

This is a property line adjustment deed. In compliance with ORS 92.190, the following information is furnished:

- 1. The names of the parties to this deed are as set forth above.
- 2. The description of the adjusted line is as follows:

SEE LEGAL DESCRIPTION ON ATTACHED EXHIBIT "B"

3. The deed whereby Grantor acquired title to the transferred property is recorded in Microfilm Reel No. _____ of the Deed of Records of Coos County, Oregon.

4. The deed whereby Grantee acquired title to the property to which the transferred property is joined is recorded in Microfilm Reel No. _____ of the Deed Records of Coos County, Oregon.

5. The survey and monumentation, as required by ORS 92.060 and ORS 209.250, were done by _____. His survey is filed with the County Surveyor under Coos County Surveyor's Records, Map No. _____.

THIS INSTRUMENT WILL NOT ALLOW USE OF THE PROPERTY DESCRIBED IN THIS INSTRUMENT IN VIOLATION OF APPLICABLE LAND USE LAWS AND REGULATIONS. BEFORE SIGNING OR ACCEPTING THIS INSTRUMENT, THE PERSON ACQUIRING FEE TITLE TO THE PROPERTY SHOULD CHECK WITH THE APPROPRIATE CITY OR COUNTY PLANNING DEPARTMENT TO VERIFY APPROVED USES.

FINDING: The deed must be filed concurrently with the map, and this will be a condition of approval. However, this process cannot be finalized until the decision is deemed final. A decision attains finality once the appeal period has elapsed, and no appeals have been received.

IV. DECISION:

The proposed Property Line Adjustments meet the requirements of the Coos County Zoning and Land Development Ordinance, with conditions listed in Exhibit “A” of this report.

V. EXPIRATION:

This is a tentative approval that is valid for up to one year. To finalize this decision the applicant shall comply with the approval and filing requirements found in the conditions of approval in Exhibit “A” of this report once the appeal period has expired and an appeal has not been filed.

VI. NOTICE REQUIREMENTS:

A notice of decision will be provided to property owners within 750 feet of the subject properties and the following agencies, special district or parties: Bandon RFPD & Southern Coos General Health District

A Notice of Decision and Staff Report will be provided to the following:

Applicants/Owners, Department of Land Conservation and Development, County Surveyor, County Assessor’s Cartography Staff, Planning Commission and Board of Commissioners.

Adjacent property owners will receive a Notice of Decision and maps, but all other attachments can be found by contacting the Community Development Department - Planning Department or visiting the website. If not found on the website the public may contact the department to view the official record.
