RE: Completeness Review for PLA-21-016

Dear Applicant(s):

Thank you for submitting your Administrative Conditional Use. The first step in the application process is a completeness review. The following items were required to be included in your application or determined prior to the acceptance of the application:

- 1. The correct and completed application form was filed. If the proposed use/activity will occur in an identified hazard area the correct reports or certifications have been included.
- 2. Applications shall be submitted by the property owner or a purchaser under a recorded land sale contract. "Property owner" means the owner of record, including a contract purchaser. The application shall include the signature of all owners of the property. A legal representative may sign on behalf of an owner upon providing evidence of formal legal authority to sign; (a consent form may be accepted or exceptions may apply 5.0.175)
- 3. One original and one exact unbound copy of the application or an electronic copy shall be provided at the time of submittal for all applications; (Staff may be able to create an electronic copy for you)
- 4. A detailed Project Proposal was provided;
- 5. A detailed parcel map of the subject property illustrating the size and location of existing and proposed uses, structures and roads on an 8½" x 11" paper to scale. Applicable distances must be noted on the parcel map along with slopes. (See example plot map);
- 6. Covenants or deed restrictions on the property were provided or were found not to exist.
- 7. All of the lots or parcels that are currently within the applicant's ownership, co-ownership or is purchasing which have a common boundary with the subject property on an assessment map were listed on the application;
- 8. A copy of the current deed of record has been provided;

- 9. All the applicable criteria have been addressed;  
**ARTICLE 6.1 LAWFULLY CREATED LOTS AND PARCELS**

A legal lot is a lot or parcel created in compliance with the current state and county regulations for land divisions. Lots are created through subdivisions (4 or more lots is a subdivision) and parcels are created through a partition (3 or less parcels is a partition). Additionally, this ordinance recognizes that parcels may be created through other means that were consistent with a prior county ordinance or state law such as the adoption of different land division provisions [December 6, 1962 - December 31, 1985 ordinances in place prior to acknowledgement of the Coos County Comprehensive Plan (CCCP)]. Parcels created prior to the adoption of the current acknowledged CCCP (1986) may require an application to determine the legality of said parcel.

Once lawful parcels or lots have been established pursuant to LDO Section 6.1.125 those lots or parcels shall remain lawfully created or discrete lots or parcels unless the lot or parcel lines are vacated or the lot or parcel is further divided, as provided by law. If a parcel or lot is reconfigured by a property line adjustment that becomes the new discrete lot or parcel and the official date of creation.

**This tax lot was reconfigured through a Property Line Adjustment (PLA-20-008). This means that the creation date of tax lot 2300 is now February 9, 2021 and no discrete parcels remain.**

- 10. The property was created legally;
- 11. All development was cited in compliance with the Coos County Zoning and Land Development Ordinance or this application will bring a use or activity into compliance; and
- 12. All road, driveway, access, parking plan or traffic impact analysis has been submitted as required by the Coos County Zoning and Land Development Ordinance.

This application has been:

- Deemed complete as of the date this letter was sent and the application has been forwarded to all applicable agencies or departments for comment; or
- Deemed incomplete due to missing information as identified by the **unchecked boxes** above. As the applicant for a permit or limited land use it is your responsibility to submit one of the following within 180 days to the Planning Department:
  - a. All of the missing information;
  - b. Some of the missing information and written notice from the applicant that no other information will be provided; or
  - c. Written notice from the applicant that none of the missing information will be provided.

If the application is found to be incomplete and steps a, b or c are not completed within the required timeframe (180 days), then on the 181<sup>st</sup> day the application will be deemed void. If you submit material by email you are responsible to follow up with staff to ensure that information was received. On the day the department receives one of the options (a. through c.) above is the date your application will be considered complete.

Once your application has been deemed complete staff will continue with the review process. Your application will go through the following steps (checked steps apply to your application):

- 1. The first step is requesting comments from any applicable agency or department. Most agencies have 30 days to respond to comments.
- 2. If this is a land division Technical Review Committee (TRC) will be scheduled once all comments have been received. Once the TRC has been completed a tentative decision is mailed out approximately six (6) weeks after. The notice of tentative decision will provide for a fifteen (15) day opportunity to appeal. If appealed it will be scheduled for hearing. The decision only becomes final after the final partition plat has been filed.
- 3. If this is application requires a hearing, a notice of hearing will be provided 20 days prior to the hearing. Once the hearing is concluded a notice of decision will be mailed out within five to seven days. If this is a Planning Commission decision the notice will provide for an opportunity to appeal (15) fifteen days to the Board of Commissioners. If this is a Board of Commissioners decision there is a twenty-one (21) day appeal period to the Land Use Board of Appeals.
- 4. If this is an administrative review (Administrative Conditional Use, Extension, Lawfully Created Parcel Determination or Variance) a notice of decision with an opportunity to appeal will be mailed out once the review has been completed. Approximately, six weeks after the application has been deemed complete. The notice of decision will provide for a fifteen (15) or twelve (12) day opportunity to appeal depending on the type of application. If not appealed the decision becomes final.
- 5. If this is a limited land use notice then a notice requesting comments will be mailed as soon as the application has been deemed complete and then a review and decision will be issued. Approximately, four weeks after the comments time has expired. The notice of decision will provide for a (12) twelve or fifteen (15) day opportunity to appeal depending on the type of application. If not appealed the decision becomes final.

Except when an applicant requests an extension of the timelines, the governing body of the county or its designee shall take final action on an application for a permit or limited land use decision within 120 (urban zone) days or 150 (rural) days as applicable.

If you have questions about the land use process please contact planning staff for assistance.

Thank you,
