Report of Independent Auditors

The Board of Commissioners
Coos County 4-H & Extension Service District
(A component unit of Coos County, Oregon)

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, major fund and budgetary comparison for the general fund of Coos County 4-H & Extension Service District (the District), a component unit of Coos County, Oregon, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and major fund of Coos County 4-H & Extension Service District as of June 30, 2025, and the respective changes in financial position and budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Coos County 4-H & Extension Service District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Financial Reporting Entity

As discussed in Note 1, the financial statements present only the District and do not purport to and do not present fairly the financial position of Coos County, Oregon, as of June 30, 2025, the changes in its financial position, or, where applicable, its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Coos County 4-H & Extension Service District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Coos County 4-H & Extension Service District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management’s discussion and analysis be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory section but does not include the basic financial statements and our auditor’s report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Minimum Standards for Audits of Oregon Municipal Corporations

In accordance with the Minimum Standards for Audits of Oregon Municipal Corporations, we have also issued our report dated February 2, 2026, on our consideration of the District’s compliance with certain provisions of laws, regulations, contracts, and grant agreements, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules 162-010-0000 through 162-010-0330 of the Minimum Standards for Audits of Oregon Municipal Corporations. The purpose of that report is to describe the scope of our testing of compliance and the results of that testing and not to provide an opinion on compliance.

Management's Discussion & Analysis

**Coos County 4-H & Extension Service District
(A Component of Coos County, Oregon)
Management's Discussion & Analysis
For the Year Ended June 30, 2025**

The management of Coos County 4-H & Extension Service District, Oregon offers this overview and analysis of the financial activities of the District, a component unit of Coos County, for the fiscal year ended June 30, 2025. We encourage readers to consider the information here in conjunction with the accompanying basic financial statements.

Overview

The Oregon State University Extension Service has worked in partnership with Coos County since 1913. Extension service agents provide education and information to help Coos County residents solve problems and develop skills related to youth development and family issues, as well as farm, forest, and marine resource practices.

The citizens of Coos County expressed their need and desire for Extension educational programs. The Service District was approved by a vote of the people on November 3, 1998. The Coos County Commissioners approved an order establishing the District on November 25, 1998.

The purpose of the Coos County 4-H & Extension Service District is to educate citizens of the district by delivering research-based, objective information to help citizens solve problems, develop leadership skills, and manage resources wisely. The District will contract with the Oregon State University Extension Service to accomplish this purpose.

Financial Highlights

- The District's assets exceeded its liabilities at June 30, 2025 by \$628,179 – an increase of \$113,426 or 22.0%.
- The District's revenues for the 2025-26 fiscal year increased by \$22,684, a 3.9% increase from the prior year, expenses decreased by \$20,539 or 4.1% from the prior year.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Coos County 4-H & Extension Service District's basic financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves. The main source of revenue is property taxes. The permanent tax rate for the District is \$0.0888 per thousand of assessed property values.

The Coos County & 4-H & Extension Service District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to private-sector business.

- The statement of net position presents information on all the District's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

**Coos County 4-H & Extension Service District
(A Component of Coos County, Oregon)
Management's Discussion & Analysis
For the Year Ended June 30, 2025**

- The statement of activities presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g. uncollected taxes).
- *Fund Financial Statements*
 - ◆ A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.
- *Notes to the Basic Financial Statements*
 - ◆ The notes provide additional information that is essential to a full understanding of the data provided in the financial statements. The notes to the financial statements can be found immediately following the financial statements in this report.

Financial Analysis of the District

The District's net position may be found in the Statement of Net Position. As noted earlier, net position may serve over time as a useful indicator of the District's financial position. The District's assets exceeded liabilities by \$628,179 at June 30, 2025, and \$514,753 at the close of the fiscal year, June 30, 2024. The district has no investment in capital assets; all assets are owned by Oregon State University.

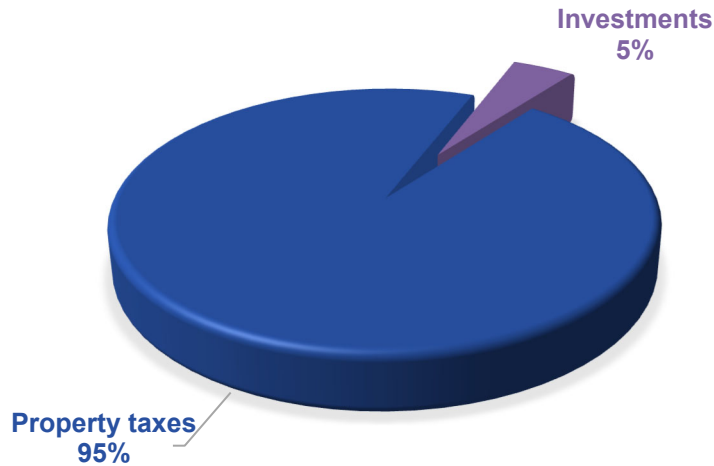

The formation of the District's tax base in fiscal year 2000-01 has provided a stable funding base for the 4-H & Extension Service.

Capital Assets and Debt Administration

The assets in use by the Coos County 4-H & Extension Service District are under the ownership of Oregon State University. No related debt is shown on the statement of net position of the District.

Economic Factors and Next Year's Forecast

- Assessed values, the basis of property tax revenues, are limited by the Oregon Constitution to increase no more than 3% except on new construction.
- The 4-H & Extension Service District's adopted expenditures for 2025-26 total \$1,032,535, with resources other than taxes of \$471,500. The District certified its full permanent tax rate for 2025-26, which is \$.0888 per thousand.

Requests for Information

This financial report is designed to provide a general overview of Coos County 4-H & Extension Service District's finances for all those with an interest in the District's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Coos County Finance Office, 250 N Baxter, Coquille, Oregon 97423.

Coos County 4-H & Extension Service District (A Component of Coos County, Oregon) Notes to Financial Statements

Note 1 – Description of the District and Summary of Significant Accounting Policies

Organization – The Coos County 4-H & Extension Service District (District) was formed with its own tax base during fiscal year 2000-01 to fund the 4-H & Extension Service District of Coos County, Oregon, and is governed by a board consisting of the three members of the Coos County Commission. The objective of the District is to provide its citizens with research-based knowledge and education that focus on strengthening communities and economies, sustaining natural resources, and promoting healthy families and individuals.

The District had no potential component units. Since Coos County is financially accountable for and significantly influences the operations of the District and the County Board of Commissioners also serves as the District's Board, the District is included as a blended component unit in the Annual Financial Report of Coos County, Oregon (the County) for the year ended June 30, 2025.

Basis of presentation

Government-wide financial statements – The Statement of Net Position and Statement of Activities display information about the District. These statements include all the financial activities of the District. Governmental activities are supported by taxes.

The Statement of Activities presents a comparison between direct expenses and revenues for the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function.

When both restricted and unrestricted net position are available, restricted net position is used first and then unrestricted resources are used as needed.

Fund financial statements – The fund financial statements provide information about the District's only fund, the General Fund. This fund is used to account for all revenues and expenditures necessary to carry out basic governmental activities of the District.

Basis of accounting – The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting.

Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Property taxes and intergovernmental revenues are the major source of nonexchange transactions, in which the District gives (or receives) value without directly receiving (or giving) equal value in exchange. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenues from grants, entitlements and donations are recognized in the fiscal year in which all eligible requirements have been satisfied.

Coos County 4-H & Extension Service District
(A Component of Coos County, Oregon)
Notes to Financial Statements

Governmental funds are recorded using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Property tax revenues are recognized in the fiscal year for which they were levied, provided they are due and collectible within 60 days following year end. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, expenditures related to compensated absences and claims and judgments are recorded only when payment is due. General capital assets acquisitions are reported as expenditures in governmental funds.

Receivables – Property taxes receivable in the governmental fund types, which have been collected within 60 days following year end are considered measurable and available and are recognized as revenues. Real and personal property are assessed, and property taxes become a lien against the property as of July 1 each year. Property taxes are payable in three installments, following the lien date, on November 15, February 15, and May 15. Taxes unpaid and outstanding on May 16 are considered delinquent. Grant revenues will be recognized in the current period if they are measurable and the related expenditures have been incurred.

Deferred inflows of resources – In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that time. The government has only one type of item, which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, unavailable revenue, is reported only in the governmental funds balance sheet. The governmental fund reports unavailable revenues from property taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

Fund balance – In the fund financial statements, the fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The fund balance classifications are:

Nonspendable – resources cannot be spent because they are either in a nonspendable form or legally or contractually required to be maintained intact. Resources in nonspendable form include inventories, prepaids, and deposits.

Restricted – constraints placed on the use of resources are either: (a) externally imposed by creditors (such as through debt covenants), grants, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed – the County Commissioners pass an ordinance that places specific constraints on how the resources may be used. The County Commissioners can modify or rescind the ordinance at any time through passage of an additional ordinance.

Assigned – resources that are constrained by the District's intent to use them for a specific purpose, but are neither restricted nor committed. Intent is expressed when the County Commissioners approve which resources should be "reserved" during the adoption of the annual budget.

Coos County 4-H & Extension Service District
(A Component of Coos County, Oregon)
Notes to Financial Statements

Unassigned – resources that have not been restricted, committed, or assigned within the General Fund.

The District only reports unassigned fund balance.

When both restricted and unrestricted (committed, assigned, or unassigned) resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources, as they are needed. When an expenditure is incurred, where an unrestricted fund balance classification could be used, it is the District's policy to use committed resources first, assigned resources second, and then unassigned amounts as they are needed.

Budget policies and budgetary control – Generally, Oregon Local Budget Law requires annual budgets to be adopted for all funds except agency funds. The modified accrual basis of accounting is used for all budgets. All annual appropriations lapse at the fiscal year end.

The District begins its budgeting process by appointing a Budget Committee in January. Budget recommendations are developed by management through the month of March with the Budget Committee meeting and approving the budget document in April. Public notices for the budget hearing are published and the hearing is held in May. The Board of County Commissioners adopts the budget, makes appropriations, and declares the tax levy no later than June 30. Expenditure appropriations may not be legally overspent.

The resolution authorizing appropriations sets the level at which expenditures cannot legally exceed appropriations. The District established the levels of budgetary control at the personal services, material and services, capital outlay, operating contingencies, debt service, and all other requirement levels.

Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosure. Accordingly, actual results could differ from those estimates.

Note 2 – Cash and Cash Equivalents

The District's cash and cash equivalents consists of cash held by Coos County in pooled cash and investment accounts and are considered to be cash on hand, demand deposits, and investments in the State of Oregon Treasury Department's Local Government Investment Pool (LGIP).

The County has an investment policy in conformance with Oregon Revised Statutes. State statutes authorize the County to invest in the Oregon State Treasurer's Local Government Investment Pool, time certificates of deposit, U.S. Government Treasury Obligations, and obligations of the United States and its agencies and instrumentalities.

Coos County 4-H & Extension Service District
(A Component of Coos County, Oregon)
Notes to Financial Statements

The Oregon Local Government Investment Pool (LGIP) is an open-ended, no-load diversified portfolio offered to any municipality, political subdivision, or public corporation of the State that by law is made the custodian of, or has control of, any public funds. The Office of the State Treasurer (OST) manages the LGIP. The LGIP is commingled with other State funds in the Oregon Short-Term Fund (OSTF). The OSTF is not managed as a stable net asset value fund; therefore: the preservation of principal is not assured. The LGIP is not rated by a national rating service. Additional information about the OSTF can be obtained at www.ost.state.or.us and www.oregon.gov/treasury. The weighted-average maturity of LGIP is less than one year.

Custodial Credit Risk Deposits – Custodial credit risk is the risk that in the event of a bank failure, the County's deposits may not be returned to it. Deposits with financial institutions include bank demand deposits. Cash is covered by federal depository insurance (FDIC) or by collateral held in a multiple financial institution collateral pool called the Public Funds Collateralization Program (PFCP) administered by the Office of the State Treasurer for the State of Oregon.

Note 3 – Risk Management

The District is exposed to various risks of loss related to theft of, damage to, and destruction of assets; torts; errors and omissions; injuries to employees; and natural disasters. The District is covered against such risks of loss through the commercial insurance purchased by the County. Settled claims resulting from these risks have not exceeded insurance coverage in any of the past three fiscal years.

Report of Independent Auditors Required by Oregon State Regulations

The Board of Commissioners
Coos County 4-H & Extension Service District
(A component unit of Coos County, Oregon)

We have audited, in accordance with auditing standards generally accepted in the United States of America the financial statements of the governmental activities, major fund and budgetary comparison of the general fund of Coos County 4-H & Extension Service District (the District), a component unit of Coos County, Oregon as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise Coos County 4-H & Extension Service District's basic financial statements, and have issued our report thereon dated February 2, 2026.

Compliance

As part of obtaining reasonable assurance about whether the Coos County 4-H & Extension Service District's basic financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, including provisions of Oregon Revised Statutes (ORS) as specified in Oregon Administrative Rules (OAR) 162-010-0000 to 162-010-0330, of the Minimum Standards for Audits of Oregon Municipal Corporations, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion.

We performed procedures to the extent we considered necessary to address the required comments and disclosures which included, but were not limited to, the following:

- Accounting records and internal control
- Public fund deposits
- Budget
- Insurance and fidelity bonds
- Programs funded from outside sources
- Investments
- Public contracts and purchasing

In connection with our testing, nothing came to our attention that caused us to believe Coos County 4-H & Extension Service District was not in substantial compliance with certain provisions of laws, regulations, contracts, and grant agreements, including the provisions of ORS as specified in OAR 162-010-0000 through 162-010-0330 of the Minimum Standards for Audits of Oregon Municipal Corporations.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Coos County 4-H & Extension Service District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Coos County 4-H & Extension Service District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Coos County 4-H & Extension Service District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. Accordingly, this communication is not suitable for any other purpose.

This report is intended solely for the information and use of the Board of Commissioners and management of Coos County 4-H & Extension Service District and the Oregon Secretary of State and is not intended to be and should not be used by anyone other than these parties.
