D. ATTACHED WRITTEN STATEMENT. With all land use applications, the “burden of proof” is on the applicant. It is important that you provide information that clearly describes the nature of the request and indicates how the proposal complies with all of the applicable criteria within the Coos County Zoning and Land Development Ordinance (CCZLDO). You must address each of the Ordinance criteria on a point-by-point basis in order for this application to be deemed complete. A planner will explain which sections of the Ordinance pertain to your specific request. The information described below is required at the time you submit your application. The processing of your application does not begin until the application is determined to be complete. An incomplete application will postpone the decision, or may result in denial of the request. Please mark the items below to ensure your submittal is complete.

Application Check List: Please make off all steps as you complete them.

I. PROPOSAL AND CRITERIA: A written statement of intent, attached to this application, with necessary supporting evidence which fully and factually describes the following:

1. Project summary and details including time limes.
2. A complete explanation of how the request complies with the applicable provisions and criteria in the Zoning Ordinance. A planner will explain which sections of the Ordinance pertain to your specific request. You must address each of the Ordinance criteria on a point-by-point basis in order for this application to be deemed complete. This shall be addressed on the supplemental criteria page (see staff for criteria).

II. PLOT PLAN OR SKETCH PLAN: A detailed drawing delineating the following:

- Owner's name, address, and phone number, map and Tax lot number
- North Arrow and Scale - using standard engineering scale.
- Accurate shape and dimensions of parcel, development site, including the lengths of the all property lines.
- Any adjacent public or private roads, all easements and/or driveway locations. Include road names. Driveway location and parking areas, including the distance from at least one property line to the intersection of the driveway and the road (apron area);
- All natural features, which may include, but are not limited to water features, wetlands, ravines, slope and distances from features to structures.
- Existing and proposed structures, water sources, sewage disposal system and distances from these items to each other and the property boundaries.

III. DEED: A copy of the current deed, including the legal description, of the subject property.

IV. CERTIFICATION: I certify that this application and its related documents are accurate to the best of my knowledge. I am aware that there is an appeal period following the date of the Planning Director’s decision on this land use action. I understand that the signature on this application authorizes representatives of the Coos County Planning Department to enter upon the subject property to gather information pertinent to this request. If this application is refereed directly to a hearings officer or hearings body I understand that I am obligated to pay the additional fees incurred as part of the conditions of approval. I understand that I/we are not acting on the county’s behalf and any fee that is a result of complying with any conditions of approval is the applicants/property owner responsibility. I understand that conditions of approval are required to be complied with at all time and an violation of such conditions may result in a revocation of this permit. If the property owner would like staff to contact a legal representative or consultant please provide the contact information using a consent form.

ACCESS INFORMATION

The Coos County Road Department will be reviewing your proposal for safe access, driveway, road, and parking standards. There is a fee for this service. If you have questions about these services please contact the Road Department at 541-396-7660.

Property Address: 110 W 17TH ST COQUILLE, OR 97423

Type of Access: Public Road Name of Access: w 17th st

Is this property in the Urban Growth Boundary? Yes

Is a new road created as part of this request? No

Required parking spaces are based on the use of the property. If this is for a residential use two spaces are required. Any other use will require a separate parking plan submitted that is required to have the following items:

- Current utilities and proposed utilities;
- Roadmaster may require drawings and specs from the Oregon Standards Specification Manual (OSSC) (current edition).
- The location and design of bicycle and pedestrian facilities shall be indicated on the site plan if this is a parking plan;
- Location of existing and proposed access point(s) on both sides of the road where applicable;
- Pedestrian access and circulation will be required if applicable. Internal pedestrian circulation shall be provided in new commercial, office, and multi-family residential developments through the clustering of buildings, construction of walkways, landscaping, accessways, or similar techniques;
- All plans (industrial and commercial) shall clearly show how the internal pedestrian and bicycle facilities of the site connect with external existing or planned facilities or systems;
- Distances to neighboring constructed access points, median openings (where applicable), traffic signals (where applicable), intersections, and other transportation features on both sides of the property;
- Number and direction of lanes to be constructed on the road plus striping plans;
- All planned transportation features (such as sidewalks, bikeways, auxiliary lanes, signals, etc.); and
- Parking and internal circulation plans including walkways and bikeways, in UGB's and UUC's.

Additional requirements that may apply depending on size of proposed development.

- a. Traffic Study completed by a registered traffic engineer.
- b. Access Analysis completed by a registered traffic engineer
- c. Sight Distance Certification from a registered traffic engineer.

Regulations regarding roads, driveways, access and parking standards can be found in Coos County Zoning and Land Development Ordinance (CCZLDO) Article 7.

By signing the application I am authorizing Coos County Roadmaster or designee to enter the property to determine compliance with Access, Parking, driveway and Road Standards. Inspections should be made by calling the Road Department at 541-396-7660

Addendum to Geotechnical Site Assessment for Residential Development
110 17th Street
Coquille, OR 97423
CGS Project No 17123

Dear Mr. Eck,

Cascadia Geoservices, Inc. (CGS) is pleased to provide you with this Addendum to our Geotechnical Site Assessment for Residential Development Report dated March 14, 2018 for your property at 110 17th Street in Coquille, Oregon. We understand that Coos County is requesting that you provide them with an updated geotechnical report. We further understand that you are now proposing to install a manufactured home on the site and that the original plan as described in the earlier report was to build a wooden framed "stick built" structure.

Based on our review, it is our opinion that the findings and recommendations provided for in the earlier report are still applicable. Those recommendations include that you set back the northern edge of the concrete foundation slab which will support the manufactured home a minimum distance of 17 feet from the break in slope north of the house site. This setback is shown on Figure 2 of the earlier report. We understand based on our conversation with you on February 13, 2023, that the manufactured home which you intend to site on your property will allow you to observe this setback.

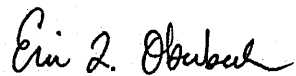

We further recommend, as stated in the report, that the upper soft organic silt and clay fill be removed from under the footprint of the concrete slab and that the foundation be set on mechanically compacted structural fill above the underlying medium dense

clayey fine sand. We recommend that CGS be retained to inspect the foundation sub grade prior to construction.

And we recommend that guidelines for draining the site be followed and that surface and subsurface drain outfalls be directed away from the moderate to steep slope north of the site.

Please note that all other findings and recommendations as provided for in the earlier report are still valid and should be followed. Please let us know if there is anything else we can help with regarding acquiring your building permit.

Sincerely,

A handwritten signature in black ink that reads "Eric Oberbeck". The signature is written in a cursive, flowing style.

Eric Oberbeck, RG/CEG
