

COOS COUNTY CONDITIONAL USE LAND USE APPLICATION
SUBMIT TO COOS COUNTY PLANNING DEPT. AT 60 E. SECOND STREET OR MAIL TO:
COOS COUNTY PLANNING 250 N. BAXTER, COQUILLE OR 97423. EMAIL
PLANNING@CO.COOS.OR.US PHONE: 541-396-7770

If the fee is not included the application will not be processed

(If payment is received on line a file number is required prior to submittal)

Date Received: 9/26/23 Receipt #: 243865 Amount: \$1680.00 Received by: C. Carr

This application shall be filled out electronically. If you need assistance please contact staff.

Applications shall be submitted by the property owner or a purchaser under a recorded land sale contract. "Property owner" means the owner of record, including a contract purchaser.

The application shall include the signature of all owners of the property.

A legal representative may sign on behalf of an owner upon providing evidence of formal legal authority to sign.

Include the supplemental application with all criteria addressed. If you require assistance with the criteria please contact a land use attorney or professional consultant. Property information may be obtained from a tax statement or can be found on the County Assessor's web page at the following links:

[Map Information](#) Or [Account Information](#)

D. ATTACHED WRITTEN STATEMENT. With all land use applications, the “burden of proof” is on the applicant. It is important that you provide information that clearly describes the nature of the request and indicates how the proposal complies with all of the applicable criteria within the Coos County Zoning and Land Development Ordinance (CCZLDO). You must address each of the Ordinance criteria on a point-by-point basis in order for this application to be deemed complete. A planner will explain which sections of the Ordinance pertain to your specific request. The information described below is required at the time you submit your application. The processing of your application does not begin until the application is determined to be complete. An incomplete application will postpone the decision, or may result in denial of the request. Please mark the items below to ensure your submittal is complete.

Application Check List: Please make off all steps as you complete them.

- I. PROPOSAL AND CRITERIA: A written statement of intent, attached to this application, with necessary supporting evidence which fully and factually describes the following:
1. Project summary and details including timelines.
 2. A complete explanation of how the request complies with the applicable provisions and criteria in the Zoning Ordinance. A planner will explain which sections of the Ordinance pertain to your specific request. You must address each of the Ordinance criteria on a point-by-point basis in order for this application to be deemed complete. This shall be addressed on the supplemental criteria page (see staff for criteria).
- II. PLOT PLAN OR SKETCH PLAN: A detailed drawing delineating the following:
- Owner's name, address, and phone number, map and Tax lot number
 - North Arrow and Scale - using standard engineering scale.
 - Accurate shape and dimensions of parcel, development site, including the lengths of the all property lines.
 - Any adjacent public or private roads, all easements and/or driveway locations. Include road names. Driveway location and parking areas, including the distance from at least one property line to the intersection of the driveway and the road (apron area);
 - All natural features, which may include, but are not limited to water features, wetlands, ravines, slope and distances from features to structures.
 - Existing and proposed structures, water sources, sewage disposal system and distances from these items to each other and the property boundaries.
- III. DEED: A copy of the current deed, including the legal description, of the subject property.
- IV. CERTIFICATION: I certify that this application and its related documents are accurate to the best of my knowledge. I am aware that there is an appeal period following the date of the Planning Director’s decision on this land use action. I understand that the signature on this application authorizes representatives of the Coos County Planning Department to enter upon the subject property to gather information pertinent to this request. If this application is refereed directly to a hearings officer or hearings body I understand that I am obligated to pay the additional fees incurred as part of the conditions of approval. I understand that I/we are not acting on the county’s behalf and any fee that is a result of complying with any conditions of approval is the applicants/property owner responsibility. I understand that conditions of approval are required to be complied with at all time and an violation of such conditions may result in a revocation of this permit. If the property owner would like staff to contact a legal representative or consultant please provide the contact information using a consent form.

PROPERTY OWNER SIGNATURES REQUIRED FOR PROCESSING

SANITATION INFORMATION

If this is a request for a recreational, commercial, industrial, vacation rental, manufactured home park, mass or small gathering Coos Health and Wellness, Environmental Health Staff will be reviewing the proposal to ensure the use meets environmental health standards for sanitation and water requirements to serve the facility. If the proposal indicates that you are using a community water system a review may be required. A fee is charged for this service and shall be submitted with the application \$83.00. If you have questions about regulations regarding environmental health services please call 541-266-6720. This form is required to be signed off for any type of subdivision, recreational, commercial, industrial, vacation rental, manufactured home park, mass or small gathering.

Water Service Type: On-site Well

Sewage Disposal Type: On-site septic

Please check if this request is for industrial, commercial, recreational or home base business use and complete the following questions:

- How many employees/vendors/patrons, total, will be on site?
- Will food be offered as part of the an on-site business?
- Will overnight accommodations be offered as part of an on-site business?
- What will be the hours of operation of the business?

Please check if the request is for a land division.

Coos County Environmental Health Use Only:

Staff Reviewing Application: _____

Staff Signature: _____

- This application is found to be in compliance and will require no additional inspections
- This application is found to be in compliance but will require future inspections
- This application will require inspection prior to determining initial compliance. The applicant shall contact Coos Health and Wellness, Environmental Health Division to make an appointment.

RE: Forest Dwelling (Template Dwelling) criteria and applicant's findings

Coos County Zoning and Land Development Ordinance (CCZLDO)

This is the criteria and supplemental questions designed to help address the required criteria. The applicant may provide any justification to meet the burden of proof.

Forest Template Dwelling Supplemental Application: Coos County Zoning and Land Development Ordinance (CCZLDO)
--

SECTION 4.6.100 FOREST AND FOREST MIXED USE – USE TABLES Table 1 identifies the uses and activities in the Forest (F) and Forest/Mixed Use (FMU) zone. The tables describe the use, type of review, applicable review standards. Development shall also comply with Section 4.6.140 Development and Siting Standards. All dwellings and structures are subject to the siting standards found in Section 4.6.130. Exceptions to minimum lot and parcel sizes for the purpose of land division may apply as set out in Section 4.6.145 Land Division for Open Space and Special Assessment, and Section 4.6.145 Exceptions to Minimum Parcel Size. Properties that are located in a Special Development Consideration and/or overlays shall comply with the applicable review process identified by that Special Development Consideration and/or overlay located in Article 4.11.

If a use specifically states Forest Mixed Use only it is not permitted in the Forest Zone. If land is in a zone that allows both farm and forest uses, a dwelling may be sited based on the predominate use of the tract on January 1, 1993.

SECTION 4.6.110 (OAR 660-006-0025) Uses Authorized in Forest Zones (1) Goal 4 requires that forest land be conserved. Forest lands are conserved by adopting and applying comprehensive plan provisions and zoning regulations consistent with the goals and this rule. In addition to forest practices and operations and uses auxiliary to forest practices, as set forth in ORS 527.722, the Commission has determined that five general types of uses, as set forth in the goal, may be allowed in the forest environment, subject to the standards in the goal and in this rule. These general types of uses are: (a) Uses related to and in support of forest operations; (b) Uses to conserve soil, air and water quality and to provide for fish and wildlife resources, agriculture and recreational opportunities appropriate in a forest environment; (c) Locationally dependent uses, such as communication towers, mineral and aggregate resources, etc.; (d) Dwellings authorized by ORS 215.705 to 215.755; and (e) Other dwellings under prescribed conditions.

Use	TR	Subject to
Dwellings authorized by ORS 215.705 to 215.755; and (e) Other dwellings under prescribed conditions.		
63.	Template Dwelling (Alternative forestland dwellings ORS 215.750)	ACU (9)(B)(II), (9)(C)

(9)(B) DWELLING ON FOREST AND FOREST MIXED USE ZONES -

(II) Template Dwelling - 215.750 Alternative forestland dwellings; criteria.

- (1) In western Oregon, a governing body of a county or its designate may allow the establishment of a single family "template" dwelling authorized under ORS 215.750 on a lot or parcel located within a forest zone if the lot or parcel is predominantly composed of soils that are:
 - (a) Capable of producing zero to 49 cubic feet per acre per year of wood fiber if:
 - (A) All or part of at least three other lots or parcels that existed on January 1, 1993, are within a 160-acre square centered on the center of the subject tract; and
 - (B) At least three dwellings existed on January 1, 1993 and continue to exist on the other lots or parcels.
 - (b) Capable of producing 50 to 85 cubic feet per acre per year of wood fiber if:
 - (A) All or part of at least seven other lots or parcels that existed on January 1, 1993, are within a 160-acre square centered on the center of the subject tract; and
 - (B) At least three dwellings existed on January 1, 1993 and continue to exist on the other lots or parcels.
 - (c) Capable of producing more than 85 cubic feet per acre per year of wood fiber if:
 - (A) All or part of at least 11 other lots or parcels that existed on January 1, 1993, are within a 160-acre square centered on the center of the subject tract; and
 - (B) At least three dwellings existed on January 1, 1993 and continue to exist on the other lots or parcels.
 - (d) As used in this section, "center of the subject tract" means the mathematical centroid of the tract.
- (2) The following review standards apply to "template" dwellings approved under this rule:
 - (a) Lots or parcels within urban growth boundaries may not be used to satisfy the eligibility requirements under this rule.

- (b) Except as provided by subsection (c) of this section, if the tract under section (1) of this rule abuts a road¹ that existed on January 1, 1993, the measurement may be made by creating a 160-acre rectangle that is one mile long and one-quarter mile wide centered on the center of the subject tract and that is to the maximum extent possible, aligned with the road.
 - (c) If the:
 - (A) Tract 60 acres or larger described under section (1) of this rule abuts a road or perennial stream, the measurement shall be made in accordance with subsection (b) of this section. However, one of the three required dwellings must be on the same side of the road or stream as the tract, and:
 - (i) Be located within a 160-acre rectangle that is one mile long and one-quarter mile wide centered on the center of the subject tract and that is, to the maximum extent possible aligned with the road or stream; or
 - (ii) Be within one-quarter mile from the edge of the subject tract but not outside the length of the 160-acre rectangle, and on the same side of the road or stream as the tract.
 - (B) Road crosses the tract on which the dwelling will be located, at least one of the three required dwellings shall be on the same side of the road as the proposed dwelling.
 - (d) Notwithstanding subsection (6)(a) of this rule, if the acknowledged comprehensive plan and land use regulations of a county require that a dwelling be located in a 160-acre square or rectangle described in sections (3) and (4) of this rule or subsections (b) or (c) of this section, a dwelling is in the 160-acre square or rectangle if any part of the dwelling is in the 160-acre square or rectangle.
- (3) A proposed “template” dwelling under this rule is allowed only if:
- (a) It will comply with the requirements of an acknowledged comprehensive plan, acknowledged land use regulations, and other provisions of law;
 - (b) It complies with the requirements of OAR 660-006-0029 and 660-006-0035;
 - (c) No dwellings are allowed on other lots or parcels that make up the tract and deed restrictions established under section (5) of this rule for the other lots or parcels that make up the tract are met;
 - (d) The tract on which the dwelling will be sited does not include a dwelling.
 - (e) The lot or parcel on which the dwelling will be sited was lawfully established.
 - (f) Any property line adjustment to the lot or parcel complied with the applicable property line adjustment provisions in ORS 92.192.
 - (g) Any property line adjustment to the lot or parcel after January 1, 2019, did not have the effect of qualifying the lot or parcel for a dwelling under this section; and
 - (h) If the lot or parcel on which the dwelling will be sited was part of a tract on January 1, 2019, no dwelling existed on the tract on that date, and no dwelling exists or has been approved on another lot or parcel that was part of the tract.
- (4) Subsection (1)(d) and (3)(e) through (4) of Section (II) TEMPLATE DWELLING applies:
- (a) On and after November 1, 2021 in Columbia, Coos, Curry, Deschutes, Douglas, Josephine, Linn, Marion, Washington, and Yamhill Counties with following limited exception:

¹ The statutory definition of “public road” at ORS 368.001(5) is not applicable to approval of a forest template dwelling required by ORS 215.750(5) to be located on a tract that abuts a “road.” Interpretation of a local code requirement that such dwellings be located on a “public road” is controlled by local legislative intent rather than by statute. *Petersen v. Yamhill County*, 33 Or LUBA 584 (1997). The road may be public or private as long as it has been existence and continued to be in existence since January 1, 1993 and meets the following local definition: A public or private way created or intended to provide ingress or egress for persons to one or more lots, parcels, areas, or tracts of land. A road does not include: (a) driveway located exclusively on the same lot, parcel or tract of land as the use it serves; (b) a private way that is created or intended to provide ingress or egress to such land in conjunction with the use of such land exclusively for forestry, mining, or agricultural purposes.

- (A) Prior to November 1, 2023, the county may allow the establishment of a single-family dwelling on a lot or parcel that was part of a tract on January 1, 2021, if;
- (i) No more than one other dwelling exists or has been approved on another lot or parcel that was part of the tract; and
 - (ii) The lot or parcel qualifies, notwithstanding subsection (3)(h), for a dwelling under section (1) of this rule.
- (5) When the lot or parcel on which the dwelling will be located is part of a tract, the remaining portions of the tract shall be consolidated into a single lot or parcel and a deed restriction using the form provided in OAR 660-06-027(6), "Exhibit A," shall be completed and recorded with Coos County Clerk. The covenants, conditions and restrictions in the deed restriction:
- (a) The covenants, conditions and restrictions are irrevocable, unless a statement of release is signed by an authorized representative of the county or counties where the property subject to the covenants, conditions and restrictions is located.
 - (b) Enforcement of the covenants, conditions and restrictions may be undertaken by the department or by the county or counties where the property subject to the covenants, conditions and restrictions is located.
 - (c) The failure to follow the requirements of this section shall not affect the validity of the transfer of property or the legal remedies available to the buyers of property that is subject to the covenants, conditions and restrictions required by this section.

The county planning director shall maintain a copy of the covenants, conditions and restrictions filed in the county deed records pursuant to this section and a map or other record depicting tracts do not qualify for the siting of a dwelling under the covenants, conditions and restrictions filed in the county deed records pursuant to this section. The map or other record required by this subsection shall be readily available to the public in the county planning office.

Response to SECTION 4.6.110(9)(B)(II)

- **Based on The Soil Survey of Coos County, Oregon, the property is capable of producing more than 85 cubic feet per acre per year of wood fiber and is required to meet Section 4.6.110(9)(B)(II)(1)(c).**
- **There are no parcels located within the Urban Growth Boundary.**
- **The subject property does not have a dwelling located on the property and there are no deed or comprehensive plan restrictions that would prohibit siting a new dwelling as long as it complies with the Forest Template Dwelling criteria. The tract in this case is located in the SE1/4 of the SW1/4 of Section 26, Township 24 South, Range 13 West and consist of 3.69 acres.**
- **The template was configured based on the criteria. The template used is a 160-acre square. The centered on the center of the subject tract and meets or exceeds the required 11 units of land required and within those properties there are a minimum of three dwellings sited on or before January 1, 1993. There are 38 parcels within the 160 acre square ranging from 0.23 acres to 200 acres of which are zoned F, EFU, CBEMP & RR-2. Twenty-six of these parcels have pre – 1993 dwellings. By allowing the siting of a dwelling on this site, the parcel would conform to what already exists within the area.**

Questions to Answer:

1. **Has your property been involved in a property line adjustment? No**
2. **Was your property part of a tract on January 1, 2019? Tract means same ownership as an abutting property. Yes**
3. **Was your property part of a tract on January 1, 2021? Yes**
4. **Did you own abutting property as of January 1, 2021 that contained another dwelling or dwelling authorization? Please list all properties within your ownership that were abutting.**

Tax Lots 700, 800 & 1000 – 24S 13W 26C – There are no dwellings or dwelling approvals.

5. **Do you have a current template map completed? Yes**
 - a. **Which template did you apply and why? (See Section I & II)**

The 160 acre square was used because the property is under 20 acres.
 - b. **How many lots and/or parcels were all or part within the template prior to January 1, 1993? Please list all properties:**

24S 13W 26 – Tax Lot 200 & 502
24S 13W 26C – Tax Lots 100, 200, 300, 400, 900, 1100, 1200, 1300, 1400, 1500, 1600, 1700, 1800, 1900, 2000, 2100, 2200, 2300, 2400, 2500, 2600, 2700, 2800, 2900, 3000, 3100, 3200, 3300, 3400 & 3500.
24S 13W 27D – Tax Lots 200, 300 & 500.
 - c. **How many dwellings are located within lots and parcels described above that were sited prior to January 1, 1993? Please list all properties that contain the qualifying dwellings. 26 homes**

24S 13W 26C – Tax Lots 900, 1100, 1200, 1300, 1400, 1500, 1600, 1700, 1800, 2000, 2100, 2200, 2300, 2400, 2500, 2600, 2700, 2800, 2900, 3000, 3100, 3200, 3300.
24S 13W 27D – Tax Lots 200, 300 & 500.

- d. Are there any covenants, conditions and restrictions on this property and if so do they specifically prohibit a dwelling? Please provide the restrictions if apply. N/A

Additional evidence and responses to address the criteria?

SECTION 4.6.130 SITING STANDARDS FOR DWELLING AND STRUCTURES IN FOREST ZONES

The following siting criteria or their equivalent shall apply to all new dwellings and structures in forest and agriculture/forest zones. These criteria are designed to make such uses compatible with forest operations and agriculture, to minimize wildfire hazards and risks and to conserve values found on forest lands. A governing body shall consider the criteria in this rule together with the requirements OAR 660-0060-0035 to identify the building site:

- (1) Dwellings and structures shall be sited on the parcel so that:
 - (a) They have the least impact on nearby² or adjoining forest or agricultural lands;
 - (b) The siting ensures that adverse impacts on forest operations and accepted farming practices on the tract will be minimized;
 - (c) The amount of forest lands used to site access roads, service corridors, the dwelling and structures is minimized; and
 - (d) The risks associated with wildfire are minimized.
- (2) Siting criteria satisfying section (1) of this section may include setbacks from adjoining properties, clustering near or among existing structures, siting close to existing roads and siting on that portion of the parcel least suited for growing trees.

Response shall explain how or why, providing a yes or no will not satisfy the criteria and will result in an incomplete application:

Response to SECTION 4.6.130

- The property owner is creating a new home site. The area proposed is located on a fairly flat bench that slopes to the Northeast. An old road that was used for access to the pond that served water for the Plat of Shorewood Addition will be used for the driveway. Overhead powerlines are located on the property. Give all of these factors this seems to be area to site the dwelling ensuring the least impact to the nearby or adjoining forest or agricultural lands. Utilizing the proposed area ensures that adverse impacts on forest operations and accepted farming practices on the tract will be minimized. The applicant is using the proposed site which requires a minimal amount of earthwork and is located just off an existing road; therefore, the removal of forest lands used to site access roads, service

² For the purpose of this section "Nearby" is defined as within the decision notification area as defined in Section 5.0.900(2) for farm zoned property.

corridors, the dwelling and structures will be minimized. The fuel free setbacks will ensure risks associated with wildfire are minimized.

- (3) The applicant shall provide evidence to the governing body that the domestic water supply is from a source authorized in accordance with the Water Resources Department's administrative rules for the appropriation of ground water or surface water and not from a Class II stream as defined in the Forest Practices rules (OAR chapter 629). For purposes of this section, evidence of a domestic water supply means:
- (a) Verification from a water purveyor that the use described in the application will be served by the purveyor under the purveyor's rights to appropriate water;
 - (b) A water use permit issued by the Water Resources Department for the use described in the application; or
 - (c) Verification from the Water Resources Department that a water use permit is not required for the use described in the application. If the proposed water supply is from a well and is exempt from permitting requirements under ORS 537.545, the applicant shall submit the well constructor's report to the county upon completion of the well.

Water Resource Department Information: <https://www.oregon.gov/owrd/pages/index.aspx>

Response shall include the source of water and how it is permitted:

- **The applicant acknowledges and will provide evidence to the governing body that the domestic water supply is from a source authorized in accordance with the Water Resources Department's administrative rules prior to obtaining a zoning compliance letter to constructed the dwelling. Under ORS 537.545 (b) & (d) - no permit is required to take water for single or group purposes in the amount not to exceed 15,000 gallons per day.**
 - **The proposed water source will be from a well.**
- (4) As a condition of approval, if road access to the dwelling is by a road owned and maintained by a private party or by the Oregon Department of Forestry, the U.S. Bureau of Land Management, or the U.S. Forest Service, then the applicant shall provide proof of a long-term road access use permit or agreement which could include an easement. The road use permit may require the applicant to agree to accept responsibility for road maintenance.

Response shall include what road the property is accessing, maintenance agreements and easements that pertain to the road. This information may be included in your deed.

Currently the access to the subject tract is by Hillcrest Lane. Instrument No. 96-09-0019 created a 35' easement for ingress, egress and utilities along the South boundary of the subject tract.

- (1) Approval of a dwelling shall be subject to the following requirements:
- (a) Approval of a dwelling requires the owner of the tract to plant a sufficient number of trees on the tract to demonstrate that the tract is reasonably expected to meet Department of Forestry stocking requirements at the time specified in department of Forestry administrative rules;

- (b) The planning department shall notify the county assessor of the above condition at the time the dwelling is approved;
- (c) If the lot or parcel is more than 10 acres in western Oregon or more than 30 acres in eastern Oregon, the property owner shall submit a stocking survey report to the county assessor and the assessor will verify that the minimum stocking requirements have been met by the time required by Department of Forestry rules;
- (d) Upon notification by the assessor the Department of Forestry will determine whether the tract meets minimum stocking requirements of the Forest Practices Act. If that department determines that the tract does not meet those requirements, that department will notify the owner and the assessor that the land is not being managed as forest land. The assessor will then remove the forest land designation pursuant to ORS 321.359 and impose the additional tax; and
- (e) The county governing body or its designate shall require as a condition of approval of a single-family dwelling under ORS 215.213, 215.383 or 215.284 or otherwise in a farm or forest zone, that the landowner for the dwelling sign and record in the deed records for the county a document binding the landowner, and the landowner's successors in interest, prohibiting them from pursuing a claim for relief or cause of action alleging injury from farming or forest practices for which no action or claim is allowed under ORS 30.936 or 30.937.

1. Will sufficient tress be replanted?

The property is currently covered with 70+ year old timber.

2. Is the property more than 10 acres in size? If so, the applicant shall acknowledge a stocking survey will be filed with the County Assessor's Office as a condition of approval.

The subject property is under 3.69 acres.

3. Upon receiving approval, will the applicant/property owner record in the deed records for the county a document binding the landowner, and the landowner's successors in interest, prohibiting them from pursuing a claim for relief or cause of action alleging injury from farming or forest practices for which no action or claim is allowed under ORS 30.936 or 30.937 injury from farming or forest practices for which no action or claim is allowed under ORS 30.936 or 30.937.

If this application is approved, the owner will record the appropriate document.

Additional Response Information:

SECTION 4.6.140 DEVELOPMENT AND SITING CRITERIA:

This section contains all of the development standards for uses (unless otherwise accepted out by a use review) and all of the siting standards for development.

1. Except as provided in subsection 4.6.145 of this ordinance, the following minimum lot or parcel sizes apply for land designated forestland, is at least 80 acres.

Minimum lot size will not affect approval for development unless specified in use. The size of the parcel will not prohibit development as long as it was lawfully created or otherwise required to be a certain size in order to qualify for a use.

2. **Setbacks:** All Development with the exception of fences shall be set back a minimum of thirty-five (35) feet from any road right-of-way centerline, or five (5) feet from any right-of-way line, whichever is greater.
3. **Fences, Hedges and Walls:** No requirement, except for vision clearance provisions in Section 7.1.525.
4. **Off-Street Parking and Loading:** See Chapter VII.
5. **Minimizing Impacts:** In order to minimize the impact of dwellings in forest lands, all applicants requesting a single family dwelling shall acknowledge and file in the deed record of Coos County, a Forest Management Covenant. The Forest Management Covenant shall be filed prior to any final County approval for a single family dwelling.
6. **Riparian Vegetation Protection.** Riparian vegetation within 50 feet of a wetland, stream, lake or river, as identified on the Coastal Shoreland and Fish and Wildlife habitat inventory maps shall be maintained except that:
 - a. Trees certified as posing an erosion or safety hazard. Property owner is responsible for ensuring compliance with all local, state and federal agencies for the removal of the tree.
 - b. Riparian vegetation may be removed to provide direct access for a water-dependent use if it is a listed permitted within the zoning district;
 - c. Riparian vegetation may be removed in order to allow establishment of authorized structural shoreline stabilization measures;
 - d. Riparian vegetation may be removed to facilitate stream or stream bank clearance projects under a port district, ODFW, BLM, Soil & Water Conservation District, or USFS stream enhancement plan;
 - e. Riparian vegetation may be removed to site or properly maintain public utilities and road rights-of-way;
 - f. Riparian vegetation may be removed in conjunction with existing agricultural operations (e.g., to site or maintain irrigation pumps, to limit encroaching brush, to allow harvesting farm crops customarily grown within riparian corridors, etc.) provided that such vegetation removal does not encroach further into the vegetation buffer except as needed to provide an access to the water to site or maintain irrigation pumps; or

- g. The 50 foot riparian vegetation setback shall not apply in any instance where an existing structure was lawfully established and an addition or alteration to said structure is to be sited not closer to the estuarine wetland, stream, lake, or river than the existing structure and said addition or alteration represents not more than 100% of the size of the existing structure's "footprint".
 - h. Riparian removal within the Coastal Shoreland Boundary will require a conditional use. See Special Development Considerations Coastal Shoreland Boundary.
 - i. The 50' measurement shall be taken from the closest point of the ordinary high water mark to the structure using a right angle from the ordinary high water mark.
7. All new and replacement dwellings and permanent structures shall, at a minimum, meet the following standards.
- a. The dwelling has a fire retardant roof.
 - b. The dwelling will not be sited on a slope of greater than 40 percent. Slope³ will also determine additional firebreak in Section 8 Firebreak.
 - c. Evidence is provided that the domestic water supply is from a source authorized by the Water Resources Department and not from a Class II stream as designated by the State Board of Forestry.
 - d. The dwelling is located upon a parcel within a fire protection district or is provided with residential fire protection by contract. If the dwelling is not within a fire protection district, the applicant provides evidence that the applicant has asked to be included in the nearest such district or contract with a private fire protection company.
 - e. For dwellings and structures outside of a fire protection district alternative forms of fire protections will apply to the develop including fire sprinkling system, on-site equipment and water storage.
 - i. Water storage shall be a swimming pool, pond, lake or similar body of water that at all times contains at least 4,000 gallons or a stream that has a minimum flow of at least one cubic foot per second. Road access shall be provided to within 15 feet of the water's edge for fire-fighting pumping units, and the road access shall accommodate a turnaround for fire-fighting equipment. The access to the water source shall be marked with signs for fire water sources.
 - f. If the dwelling has a chimney or chimneys, each chimney has a spark arrester.
 - g. The owner provides and maintains primary fuel-free break and secondary break areas on land surrounding the dwelling that is owned or controlled by the owner and complies with Section 8 Firebreak.

³ Slope calculations must include the primary and additional fuel-free breaks. Staff will use the slopes from the soil data found in the Soil Survey of Coos County Oregon³ published by United States Department of Agriculture, Soil Conservation Service, in cooperation with Oregon Agricultural Experiment Station. Staff will accept an on ground study for slope from an Registered Surveyor or other Registered Professional that is able to make calculations based on the profession licensing requirements.

8. Firebreak:
- a. The property owner shall maintain a primary firebreak safety zone around all structures. Vegetation within this primary safety zone may include mowed grasses, low shrubs (less than ground floor window height), and trees that are spaced with more than 15 feet between the crowns and pruned to remove dead and low (less than 8 feet from the ground) branches. Accumulated needles, limbs and other dead vegetation should be removed from beneath trees.
 - b. Sufficient garden hose to reach the perimeter of the primary safety zone shall be available at all times.
 - c. The owners of the dwelling shall maintain a primary fuel-free break area surrounding all structures and clear and maintain a secondary fuel-free break on land surrounding all structures and clear and maintain a secondary fuel-free break area on land surrounding the dwelling that is owned or controlled by the owner in accordance with the provisions in "Recommended Fire Siting Standards for Dwellings and Structures and Fire Safety Design Standards for Roads" dated March 1, 1991, and published by Oregon Department of Forestry and shall demonstrate compliance with Table 1.
 - d. Proof that all of these items will be met include poof of the slope to determine additional firebreak setbacks is required.

Table 1 – Minimum Primary Safety Zone

Slope	Feet of Primary Safety Zone	Feet of Additional Primary Safety Zone Down Slope
0%	30	0
10%	30	50
20%	30	75
25%	30	100
40%	30	150

9. All new and replacement structures shall use non-combustible or fire resistant roofing materials, as may be approved by the certified official responsible for the building permit.
10. Access to new dwellings shall meet road and driveway standards in Chapter VII.

RESPONSE TO SECTION 4.6.140

1. Is the property a legal unit of land? Please provide reference to how it was created.

The property is a discrete parcel as described in Deed Volume 237 Page 438. .

2. Will the applicant meet the road setback (shall be shown on plot plan)? Yes

3. **Will a Fence, Hedge and/or Wall be developed at this time? NO - If so will it comply with the vision triangle? Are there fence, hedge or wall planned. NO**
4. **Has a driveway/access/parking permit been requested at the time of the application? Not at this time. The permit will be requested if this application is approved.**
5. **Has the applicant acknowledged that they will file in the deed record of Coos County, a Forest Management Covenant prior to receiving a zoning compliance letter? (This shall be done after the conditional use is approved, but before a zoning clearance letter is issued. A Forest Management Covenant cannot be filed if the conditional use has not been approved but a draft may be submitted with the application.)**

The landowner will file the Covenant when this application is approved

6. **Has the applicant shown any waterways that require a 50 feet setback and if so will the setback be met? There are no waterways within 50 feet of the proposed homesite.**
7. **Fire related questions:**
 - a. **The proposed dwelling shall use non-combustible or fire resistant roofing materials. Describe the materials that will be used.**

The proposed dwelling will have a non - combustible/fire resistant roof. The type of roofing has not yet been decided.
 - b. **What is the slope of the property on average and where the dwelling will be located?**

10% slopes
 - c. **What evidence is provided that the domestic water supply is from a source authorized by the Water Resources Department and not from a Class II stream as designated by the State Board of Forestry?**

The water source will be from a well not from a Class II stream.
 - d. **Is the property within a Fire District and if so which Fire District.**

The property is located within the North Bay R.F.P.D.

 - i. **If the property is not within a Fire District you shall explain how you have requested to be included in the Fire District with a copy of the request. N/A**
 - ii. **If the property is outside of a Fire District and cannot be served by a Fire District you are required to provide the contract with a private fire protection company. N/A**

iii. For dwellings and structures outside of a fire protection district alternative forms of fire protections will apply to the develop including fire sprinkling system, on-site equipment and water storage. Include on the plot plan water storage and access to meet the following standards:

1. water storage shall be a swimming pool, pond, lake or similar body of water that at all times contains at least 4,000 gallons or a stream that has a minimum flow of at least one cubic foot per second.
2. Road access shall be provided to within 15 feet of the water's edge for fire-fighting pumping units, and the road access shall accommodate a turnaround for fire-fighting equipment. The access to the water source shall be marked with signs for fire water sources.

N/A – the property is in the Charleston R.F.P.D.

e. Does the proposed dwelling have a chimney and if so will a spark arrester be installed? Yes

8. Firebreak Safety:

a. The property owner shall maintain a primary firebreak safety zone around all structures. Vegetation within this primary safety zone may include mowed grasses, low shrubs (less than ground floor window height), and trees that are spaced with more than 15 feet between the crowns and pruned to remove dead and low (less than 8 feet from the ground) branches. Accumulated needles, limbs and other dead vegetation should be removed from beneath trees. This information shall be included on the plot plan and described how you intend to maintain this firebreak.

b. On the plot plan provide a diagram of where the garden hose will be located and describe the length that will allow it to reach the perimeter of the primary safety zone shall be available at all times.

A 100' garden hose will be located at the proposed home.

c. Additional Primary Safety Zone Down Slope will be required based on the slope of the property. What is the slope of the property? If the slope differs from the soil report explain and provide evidence to show how the slope was determined. If additional safety zones are required based on the slope table you will need to show them on the plot plan.

The slope of the proposed homesite is 10%. There are steeper slopes to the South and East. An additional 50 feet of downslope safety zone is needed.

a. Wildfires: Coos County shall promote protection of property from risks associated with wildfires. New development or substantial improvements shall, at a minimum, meet the following standards, on parcels designated or partially designated as "High" or "Moderate" risk on the Oregon

Department of Forestry 2013 Fire Threat Index Map for Coos County or as designated as at-risk of fire hazard on the 2015 Coos County Comprehensive Plan Natural Hazards Map:

1. The dwelling shall be located within a fire protection district or shall be provided with residential fire protection by contract. If the dwelling is not within a fire protection district, the applicant shall provide evidence that the applicant has asked to be included within the nearest such district or is provided fire protection by contract.

The proposed homesite is located within the North Bay R.F.P.D.

2. When it is determined that these standards are impractical the Planning Director may authorize alternative forms of fire protection that shall comply with the following:
 - a. The means selected may include a fire sprinkling system, onsite equipment and water storage or other methods that are reasonable, given the site conditions, as established by credible documentation approved in writing by the Director;

The proposed homesite is located within the North Bay R.F.P.D.

- b. If a water supply is required for fire protection, it shall be a swimming pool, pond, lake, or similar body of water that at all times contains at least 4,000 gallons per dwelling or a stream that has a continuous year round flow of at least one cubic foot per second per dwelling;

None of these situations are available.

- c. The applicant shall provide verification from the Water Resources Department that any permits or registrations required for water diversion or storage have been obtained or that permits or registrations are not required for the use; and

N/A

- d. Road access shall be provided to within 15 feet of the water's edge for firefighting pumping units. The road access shall accommodate the turnaround of firefighting equipment during fire season. Permanent signs shall be posted along the access route to indicate the location of the emergency water source.

N/A

3. Fire Siting Standards for New Dwellings:

- a. The property owner shall provide and maintain a water supply of at least 500 gallons with an operating water pressure of at least 50 PSI and sufficient $\frac{3}{4}$

inch garden hose to reach the perimeter of the primary fuel-free building setback.

If this application is approved, the land owner will comply with this requirement.

- b. If another water supply (such as a swimming pool, pond, stream, or lake) is nearby, available, and suitable for fire protection, then road access to within 15 feet of the water's edge shall be provided for pumping units. The road access shall accommodate the turnaround of firefighting equipment during the fire season. Permanent signs shall be posted along the access route to indicate the location of the emergency water source.

There is not another water supply.

4. Firebreak:

- a. A firebreak shall be established and maintained around all structures, including decks, on land owned or controlled by the applicant for a distance of at least 30 feet in all directions.

This will be done and maintained.

- b. This firebreak will be a primary safety zone around all structures. Vegetation within this primary safety zone may include mowed grasses, low shrubs (less than ground floor window height), and trees that are spaced with more than 15 feet between the crowns and pruned to remove dead and low (less than 8 feet from the ground) branches. Accumulated needles, limbs and other dead vegetation should be removed from beneath trees.

This will be done and maintained.

- c. Sufficient garden hose to reach the perimeter of the primary safety zone shall be available at all times.

This will be available at all times.

- d. The owners of the dwelling shall maintain a primary fuel-free break area surrounding all structures and clear and maintain a secondary fuel-free break on land surrounding all structures that is owned or controlled by the owner in accordance with the provisions in "Recommended Fire Siting Standards for Dwellings and Structures and Fire Safety Design Standards for Roads" dated March 1, 1991, and published by Oregon Department of Forestry and shall demonstrate compliance with Table 1.

Table 2 – Minimum Primary Safety Zone

Slope	Feet of Primary Safety Zone	Feet of Additional Primary Safety Zone Down Slope
0%	30	0
10%	30	50
20%	30	75
25%	30	100
40%	30	150

The slopes of the proposed homesite are 10% therefore the primary safety zone of 30 feet will be maintained. An additional 50 feet of primary safety zone down slope will be needed to the Northeast of the proposed structures.

- e. All new and replacement structures shall use non-combustible or fire resistant roofing materials, as may be approved by the certified official responsible for the building permit.

Non combustibile or fire resistant roofing materials will be used.

- f. If a water supply exceeding 4,000 gallons is suitable and available (within 100 feet of the driveway or road) for fire suppression, then road access and turning space shall be provided for fire protection pumping units to the source during fire season. This includes water supplies such as a swimming pool, tank or natural water supply (e.g. pond).

There is not another water supply available.

- g. The structure shall not be sited on a slope of greater than 40 percent.

The slope of the proposed homesite is 10%.

- h. If the structure has a chimney or chimneys, each chimney shall have a spark arrester.

This will be done if the landowner has a fireplace or wood burning stove.

- i. Except for private roads and bridges accessing only commercial forest uses, public roads, bridges, private roads, and driveways shall be constructed so as to provide adequate access for firefighting equipment. Confirmation shall be provided from the Coos County Road Department or local fire protection district that these standards have been met.

This will be done if this application is approved.

5. Wildfires inside urban growth boundaries. Certain areas inside urban growth boundaries may present special risks and may be made subject to additional or different standards and requirements jointly adopted by a city and the county in the form of code requirements, master plans, annexation plans, or other means.

The subject property does not fall inside an urban growth boundary.

BARGAIN AND SALE DEED

Cary Arnot, grantors, conveys to Jean Arnot, grantee, the following described property
in Coos County, Oregon:

Beginning at an iron pipe which marking the meander corner between fractional Sections 26 and 35, Township 24 South, Range 13 West of the Willamette Meridian, Coos County, Oregon; thence South 88°10' West along the South boundary of aforementioned Section 26 for a distance of 321.13 feet, to the West 1/16 corner iron pipe; thence along the West boundary of Lot 1, of said Section 26 North 0° 18' 06" West a distance of 1310.14 feet to the Southwest 1/16 corner iron pipe; thence North 88° 30' 08" East along the North boundary of aforementioned Lot 1 for a distance of 222.25 feet to an iron post; thence South 03° 21' West a distance of 231.4 feet to an iron post; thence South 77° 02' East a distance of 74.3 feet to an iron post; thence South 70° 52' East a distance of 158.5 feet to an iron post; thence South 30° 10' East a distance of 132.0 feet to an iron post; thence South 12° 46' East a distance of 178.7 feet, to an iron post; thence South 17° 39' West a distance of 216.0 feet to an iron post; thence South 3° 43' West a distance of 155.5 feet to an iron post; thence South 15° 55' West a distance of 125.9 feet to an iron post; thence South 64° 47' East a distance of 34.4 feet to an iron post on the meander line; thence South 30° 00' West along the meander line for a distance of 255.5 feet, more or less, to the point of beginning.

EXCEPTING a portion of the above parcel described as the West 150 feet of the North 300 feet of said Lot 1.

RECORDED AT THE REQUEST OF:
CARY ARNOT
TO CORRECT DESCRIPTION
PREVIOUSLY RECORDED AS INSTRUMENT
NO. *2021-11768*

ALSO EXCEPTING

SOUTHWEST

Beginning at an iron pipe at the ~~Southeast~~ corner of the Southeast quarter of the Southwest quarter of Section 26, Township 24 south, Range 13 West of the Willamette Meridian, Coos County, Oregon; thence along the West line of the Southeast quarter of the Southwest quarter of said Section 26 a distance of 531.47 feet to an iron pipe; thence continuing North $0^{\circ} 18' 06''$ West 21.0 feet; thence South $72^{\circ} 33'$ East a distance of 6.40 feet; thence along a curve to the left having a radius of 69.87 feet through a central angle of $81^{\circ} 22'$ for an arc distance of 99.23 feet; thence North $26^{\circ} 05'$ East a distance of 78.27 feet; thence along a curve to the right having a radius of 143.24 feet through a central angle of $49^{\circ} 26'$ for an arc distance of 123.58 feet; thence North $75^{\circ} 31'$ East a distance of 52.81 feet; thence along a curve to the left having a radius of 124.56 feet through a central angle of $45^{\circ} 49'$ for an arc distance of 99.60 feet; thence North $29^{\circ} 42'$ East a distance of 203.10 feet; thence South $30^{\circ} 01'$ East a distance of 90.62 feet; thence South $12^{\circ} 46'$ East a distance of 178.7 feet; thence South $17^{\circ} 39'$ West a distance of 216.0 feet; thence South $03^{\circ} 43'$ West a distance of 155.5 feet; thence South $15^{\circ} 55'$ West a distance of 125.9 feet to an iron pipe; thence South $64^{\circ} 47'$ East a distance of 34.4 feet, to an iron pipe; thence South $30^{\circ} 00'$ West a distance of 255.5 feet, more or less, to an iron pipe which marks the meander corner; thence South $88^{\circ} 10'$ West a distance of 321.13 feet, to the point of beginning. Being a portion of the Southeast quarter of the Southwest quarter of Section 26, Township 24 South, Range 13 West of the Willamette Meridian, Coos County, Oregon.

SUBJECT TO the same protective covenants and the conditions as set in That certain instrument recorded June 23, 1955, in Book 243, Page 144, Deed Records of Coos County, Oregon, to the same extent as if the said real property was located within the said Shorewood Addition, and Grantees agree to abide thereby, except Restrictive Covenant No. 14 is hereby excluded from said restrictions insofar as it affects the property hereby conveyed and the rights, if any, of the public and of government bodies in and to any portion lying below high-water mark of Haynes Slough and in and to said water

BEFORE SIGNING OR ACCEPTING THIS INSTRUMENT, THE PERSON TRANSFERRING FEE TITLE SHOULD INQUIRE ABOUT THE PERSON'S RIGHTS, IF ANY, UNDER ORS 195.300, 195.301 AND 195.305 TO 195.336 AND SECTIONS 5 TO 11, CHAPTER 424, OREGON LAWS 2007. THIS INSTRUMENT DOES NOT ALLOW USE OF THE PROPERTY SCRIBED IN THIS INSTRUMENT IN VIOLATION OF APPLICABLE LAND USE LAWS AND REGULATIONS. BEFORE SIGNING AND ACCEPTING THIS INSTRUMENT, THE PERSON ACQUIRING FEE TITLE TO THE PROPERTY SHOULD CHECK WITH THE APPROPRIATE CITY OR COUNTY PLANNING DEPARTMENT TO VERIFY THAT THE UNIT OF LAND BEING TRANSFERRED IS A LAWFULLY ESTABLISHED LOT OR PARCEL, AS DEFINED IN ORS 92.010 OR 215.010, TO VERIFY THE APPROVED USES OF THE LOT OR PARCEL, TO DETERMINE ANY LIMITS ON LAWSUITS AGAINST FARMING OR FOREST PRACTICES, AS DEFINED IN ORS 30.930 AND TO INQUIRE ABOUT THE RIGHTS OF NEIGHBORING

PROPERTY OWNERS, IF ANY, UNDER ORS 195.300, 195.301 AND 195.305 TO 195.336 AND SECTIONS 5 TO 11, CHAPTER 424, OREGON LAWS 2007, AND SECTIONS 2 TO 9 AND 17, 24CHAPTER 855, OREGON LAWS 2009, AND SECTIONS 2 TO 7, CHAPTER 8, OREGON LAWS 2010.

Dated this 20TH day of OCTOBER, 2021
