- All dental specialty services available, including orthodontics for all ages
- No ID cards issued — all information is securely stored with your health record

## SIMPLE, RELIABLE INSURANCE

Willamette Dental believes insurance should be simple so we've eliminated the guessing game. We blend preventive dental care with broad insurance coverage, making it affordable, with no maximums\*, deductibles or waiting periods, and predictable out of pocket costs.

## WE'RE COMMITTED TO YOUR ORAL HEALTH

We practice evidence-based dentistry to end the disease-repair cycle by focusing on prevention. Based on the most recent evidence, our dentists offer treatment plans that customize all treatment to the need of each patient, including dental cleanings. Our insurance plans include coverage for as many cleanings as are prescribed, whether that's just one, or perhaps four cleanings, each year.

We want you to have a long-term partnership with our dental teams. You're free to select whichever Willamette Dental Group dentist and location is best for you. You'll work with a consistent dental team including your dentist, hygienist, and dental assistant.

\*Benefits for implant surgery have a benefit maximum.

## QUALITY CARE FROM QUALITY PROVIDERS

With your Willamette Dental insurance plan, you have access to our top quality dental providers across all our convenient locations. Learn about all our offices and providers with easy to access profiles on our website, complete with unfiltered star ratings and comments from real patients.

Our general dentists aren't paid for the number of high priced procedures they perform. Instead, they're rewarded by improving your oral health, educating you on home care, making timely appointments available, and doing their best to make you happy with your experience.
